UTP cable surface-mount connector, Cat.6

Markings:
UTP cable surface-mount connector; Code: EM/FA-757K-C6-BK

Description and Technical Characteristics of the Product:
The Cat.6 cable connector is designed to connect broken ICT cables while maintaining the appropriate transmission parameters (and thus the link class). The connector is terminated with use of a patch cord cutter. It comes in an unshielded version.

Technical parameters:
Colour: black
Dimensions: (W x H x D): 83x37x23mm
Category: 6
Shielding: no
Connector: IDC-LSA type
Enclosure material: PC
