

Electronics box ECON® Two-gang junction box ECON®

Electronics box ECON®

- Partition for circuit separation
- Air-tight design with sealing membranes
- 4 screw domes

Order number:	1068-21
EAN:	4013456537422
Length	149 mm
Width	80 mm
Depth	68 mm
Installation opening Ø	60 mm
Device screws	2
Cable entries up to Ø 11 mm	4
Duplex cable entries 2 x up to 11 mm	4
Conduit entries M25	4
Tool-free cable and conduit entries in the connector area up to M25	4
Packaging inner/dispatch	10/100

The electronics box and two-gang junction box using ECON® technology are ideal for installation in masonry walls in which the interior plaster forms the air-tight closure on the room side. The ECON® electronics box provides a generously-sized accessory installation compartment and additional space for fitting small switch actuators, etc. The matching separator wall allows the standardised installation of bus and operating voltage in one box. The ECON® two-gang junction box makes it easier than ever to install special accessories. The large installation opening and the very large installation compartment make it possible to install block and pre-wired accessories, and they create space for the configuring of cables for multi-media connections.

- Elastic sealing membrane for guaranteed air-tightness
- Variable and toolless insertion of single cables, duplex cables and DIN EN conduits
- Additional space for decentral installation of KNX / LON UP actuators, Venetian blinds UP cut-off relays, and many more
- Separator wall for standardised fitting of two voltage types in one box
- Maintenance of cable bending radii for network connection boxes - optimal data transfer
- Easy installation of pre-wired accessories and multi-media connection boxes
