## **Product description**

## No need for a USB charger with this surge protector!

---

Acar S6 USB A+C is a modern surge protector that safeguards six devices at the same time. Compact design and enriched functionality allow for versatile use of Acar S6 USB A+C surge protector at home and in the office. At the bottom of the product there is a system for cable organization and mounting brackets for attaching the product vertically / horizontally.

# Fast USB A+C charging

The integrated fast charger, with a total power of 18W, supports Quick Charge 3.0 (USB-A socket) and Power Delivery 3.0 (USB-C socket) charging protocols. It should be noted that the acar S6 USB A+C, like all Acar branded surge protectors has been made with the utmost care and compliance with current standards.

## Surge protection operation indicator

The USB fast charger meets the requirements of electromagnetic compatibility, that is, it does not interfere with the operation of other devices. Indication of the anti-surge protection system further increases confidence that the power strip effectively protects the loads connected to it from surges.

# USB port backlighting

The Illuminated USB ports make it easy to efficiently connect devices to the appropriate slot even in the dark.

## Product features
