

BATTERY PACK

FOR ARMAC ONLINE OFFICE
DF UPS SERIES

The additional Battery Pack module has been designed specifically to work with compatible Tower UPSs. When connected to the uninterrupted power supply, the product grants a longer backup time on the battery for connected loads. Use only with UPSs with the same total battery voltage.

PRODUCT SPECIFICATION:

Required battery voltage	6x 12V
Type of casing	Tower
Weatherproof rating	IP20
Connectors	Anderson
Dimensions	413 x 145 x 224 mm
Weight	20 kg
Battery type	Lead acid VRLA AGM
Battery quantity	6
