

PRODUCT INFORMATION SHEET

Screwdrivers

Product description

Product Description:

This set offers access to a wide selection of tools for screwing and unscrewing screws and bolts in a wide range of sizes. The bits and ends are made of high-grade vanadium steel, making them durable and resistant to deformation and damage. Magnetic ends facilitate and speed up work, even with the smallest screws.

A special design allows working with stubborn nuts and screws by the possibility of hammering or increasing the unscrewing force using a flat wrench. Dual-component handles with an ergonomic shape and anti-slip surface facilitate precise work and allow for full transfer of hand force to the screw or bolt. The set is packed in a durable case with dedicated places for each tool, featuring precise grips for easy storage and quick access to the needed equipment. It can be easily carried thanks to a handy handle or hung, e.g., on a wall, due to appropriate mounting holes.

Characteristics

The set includes:

- 1 x flat screwdriver for hammering hex with the possibility of using a flat wrench - 6x125 mm;
- 1 x cross-head screwdriver PH for hammering hex with the possibility of using a flat wrench - 2x125 mm;
- 3 x flat screwdrivers: 6x125, 5x100, 3x75 mm;
- 3 x cross-head screwdrivers PH: P2x125, PH1x100, PH0x75 mm;
- 1 x bit holder for screwdriver bits;
- 1 x holder for precision bits;
- 4 x precision screwdrivers: 2.5x50, 3.0x50, PH00x50, PH0x50 mm;
- 29 x precision bits 4x28 mm;
- 49 x screwdriver bits 6.35x25 mm;
- 1 x socket adapter for screws and nuts;
- 7 x sockets for screws and nuts; 2.5, 3, 3.5, 4, 4.5, 5, 5.5 mm;
- 9 x 1/4" sockets: 5, 6, 7, 8, 9, 10, 11, 12, 13 mm;
- 1 x magnetic holder 60 mm;
- 1 x magnetic, precision holder 60 mm;
- 1 x tweezers.
