

## 18V Brushless Mixer

### Product description

Efficient device for mixing paints, small batches of adhesives, mortars, fillers and cement. Powered by cordless power, the OneAccuSystem 18V provides complete mobility and compatibility with the system's wide range of power tools, even for the toughest jobs.

#### Key features:

- smooth speed control allows you to adjust the work to the type of mixed mass,
- two gears allow you to choose the right torque for the density of the material,
- universal M14 holder allows you to use various types of stirrers,
- a safety switch protects against accidental starting,
- ergonomic design guarantees a stable position during operation and full control over the mixing process,
- Two rubber-lined handles reduce vibrations and increase comfort.

#### Technology and Performance:

- brushless motor with an innovative design ensures more power, longer operating time and durability of the device,
- Advanced electronics automatically regulate engine power, optimizing engine performance and maximizing battery life.

## Characteristics

- Mounting bracket: M14,
- Rotational speed: 0-450 / 0-720 RPM,
- Number of gears: 2,
- Maximum stirrer size: 120 mm,
- Smooth speed control in the switch,
- Protection against accidental switch-on,
- Battery sold separately,
- 3 years warranty after registration.
