

PRODUCT INFORMATION SHEET

PAGLAU safety sandals LACE SYSTEM S1PS SR FO black/green 41

Product description

PAGLAU safety sandals offer a unique combination of style, safety and functionality. Compliant with safety class **S1PS** according to **EN ISO 20345**. Their innovative **LACE SYSTEM** allows quick and easy adjustment of the binding, ensuring a precise fit. The composite toecap protects the feet from falling objects and the non-slip sole ensures safety on uneven and slippery surfaces. The sandals are ideal for the logistics industry, the transport industry, the automotive industry and repair work, especially in confined spaces such as halls.

Characteristics

- outer material: mesh with thermoplastic polyurethane;
- top reinforcements: **PVC**;
- lining material: mesh, knitted 100% polyester for good ventilation;
- sole material: cemented, **EVA/rubber**;
- EN ISO 20345 compliant;
- bear the CE mark of conformity;
- Safety footwear category - **S1PS**;
- additional protective properties:
