

PRODUCT INFORMATION SHEET

STEIN earplugs with headband black/blue uni

Product description

Earplugs are a key protective accessory, indispensable in high noise environments such as welding, drilling and forging workplaces. Their use is important in preventing permanent hearing damage. The unique design of the earplugs includes a special headband, made of flexible polypropylene, which ensures their stability and prevents them from falling out of the ears, while offering comfort even when worn for long periods of time. This headband, thanks to its flexibility, adapts to the shape of the head, providing additional safety and comfort.

Characteristics

- Earplug material - composition: foam **TPE** (thermoplastic elastomer)
- band material: polycarbonate **PP** (polypropylene);
- product weight: **14 g**;
- CE 352-2 compliant;
- SNR (noise reduction ratio): 31 dB;
- H-value (sound insulation for high-frequency sounds): 29 dB;
- L-value (sound insulation for low-frequency sounds): 31 dB;
- M-value (sound insulation for medium-frequency sounds): 30 dB.
