

## PRODUCT INFORMATION SHEET

### 250 mm handle steel brush, 0.3mm

#### Product description

A hand brush is a high-quality tool designed for scrubbing and cleaning metal surfaces. Hard steel fibres effectively remove rust, paint and other contaminants, restoring the metal surface to its original appearance. The optimal total brush length of 250 mm allows for easy manoeuvring and access to hard-to-reach places. It is an indispensable tool in the workshop of every professional and enthusiast of renovation and restoration work.

#### Characteristics

- bristle and stem material: stainless steel;
- handle material: plastic;
- number of rows: 1;
- total length: 250 mm.
