

PRODUCT INFORMATION SHEET

Combination wrench set 15 pcs, technical foam

Product description

Tool cabinet insert containing spanners used to loosen and tighten nuts and bolts of different shapes and sizes.

Characteristics

- spanners made of high-grade chrome-vanadium alloy steel;
- press-formed panel provides greater resistance;
- chrome-plated surface with a matt finish effectively protects against rust, while making it easier to keep spanners clean;
- manufactured in accordance with European standard DIN 3110;
- the 15° offset end of the spanner makes work in hard-to-reach places much easier;
- hard and flexible technical foam.
