

LIGHT MANAGEMENT CAN BE SO EASY NOW TWICE AS NICE!

OUR NEW GENERATION OF DALI-2 LUMINAIRES: SUITABLE FOR TUNABLE WHITE AND HCL APPLICATIONS

One family, two systems, all options: Our new DALI-2 IoT luminaires can be used for both human centric lighting (HCL) and Tunable White applications, and they work with controllers from LEDVANCE and third parties. This gives you all the options. Benefit from two innovative lighting technologies and decide on demand what system to choose.
